

Upcoming appointment? Be prepared!

It may be hard to remember everything you want to say or ask when seeing your healthcare provider. Here are some suggestions.

Medications

I am currently taking the following over-the-counter and prescription medications:

Questions to ask

1. Are there any dietary or lifestyle changes you recommend that may help my condition?

2. Do you recommend any changes to the over-the-counter products I'm using on my skin, such as soaps, lotions, sunscreens and/or cosmetics?

3. Once I start my medications, how long will it take before I see any improvement?

4. When will I need to come back to see you to evaluate that my treatment is working?

5. How often can I get refills?

6. How much will my treatment cost?

Ask your healthcare provider about PruGen and the products that might be right for you

\$0 CO-PAY PROGRAM*

This offer is only available through GenRx network pharmacies—
the exclusive administrator of the PruGen \$0 Co-Pay Program.

* Commercially insured patients pay \$0. Non-insured patients pay \$25. Auto-refill program included for most patients. Providers and patients are reminded that the prescription may be filled at any pharmacy of their choice, however, the PruGen \$0 Co-Pay Program is only available through the GenRx network of pharmacies.

Patient is not eligible if prescriptions are paid in part or full by state or federally funded programs, including but not limited to Medicare or Medicaid, Medigap, VA, DOD or TriCare and where prohibited by law.

PruGen Pharmaceuticals reserves the right to rescind, revoke or amend this offer at any time.

THE SKY IS THE LIMIT WITH THE PRUGEN \$0 CO-PAY PROGRAM*
